## **TATUM WATERWORKS SERVICE AGREEMENT**

### **PURPOSE:**

The **City of Tatum** is responsible for protecting the drinking water supply from contamination or pollution which could result from improper plumbing practices. The purpose of plumbing restrictions which are in place are to provide this protection. The utility endorses these restrictions to ensure the public health and welfare. Each customer must sign this agreement before the **City of Tatum** will begin service. In addition, when service to an existing connection has been suspended or terminated, the water system will not re-connect services unless it has a signed copy of this agreement.

### **RESTRICTIONS:**

The following unacceptable practices are prohibited by State regulations:

**A.** No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air gap or an appropriate backflow prevention device.

**B.** No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the drinking water supply shall be eliminated at the service connection by the installation of an air gap or an approved backflow prevention device.

**C.** No connection which allows water to be returned to the public drinking water supply is permitted. All outside hose bibs will have a vacuum breaker connected.

**D.** No pipe or pipe fitting which contains more than 8% lead can be used for the installation or repair of plumbing at any connection which provided water for human use.

**E.** No solder or flux which contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection which provides water for human use.

**F.** The water service indicated on the customer's application is for the customer's residence ONLY. NO temporary or permanent connection to another property and/or domicile can be made at any time.

### **SERVICE AGREEMENT:**

The following are the terms of the Service Agreement between the **City of Tatum** (Water System) and \_\_\_\_\_ (the Customer).

**A.** The Water System will maintain a copy of this agreement as long as the Customer/Owner and/or the premises is connected to the Water System.

**B.** The Customer shall allow his property to be inspected by the Water System or its designated agent prior to initiating new water service when there is reason to believe that cross-connections or other unacceptable plumbing practices exist; or after any major changes to the private plumbing facilities. The inspections shall be conducted during the Water System's normal business hours.

**C.** The Water System shall notify the Customer/Owner in writing of any cross-connection or other potential contamination hazard which has been identified during the initial inspection or the periodic reinspection.

**D.** The Customer shall immediately remove or adequately isolate any potential cross-connections or other potential contamination hazards on his/her premises.

**E.** The Customer shall, at his/her expense, properly install, test and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance records shall be provided to the Water System.

### **ENFORCEMENT:**

If the Customer fails to comply with the terms of the Service Agreement, the Water System shall, at its option, either terminate service or properly install test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
